# Thermocouple Selector Switch Box - Panel Mounting

12-way Type K, or Universal type for use with other thermocouple or sensor types

Type K shown (219-4602)

Panel mounting DIN sized selector switches providing convenient, reliable selection of up to 12 thermocouple inputs

2 types available:

**219-4602** – Type K with fixed 1-metre-long type K extension lead (comes with fixed 1 metre type K PVC output cable)

**362-9957** – Universal type for use with other thermocouple or sensor types (unit has 2 wire output termination enabling user to fit their own choice of thermocouple or sensor cable – note: cable is not included)

- Panel mounting selector unit in standard DIN sized case
- Dedicated type K version with 1 metre fixed lead
- Universal version for use with other thermocouple types (K, J, T, N, R/S etc.); can also be used with other 2 wire sensors, RTD's, Thermistors etc.
- Provides easy selection and clear indication of the desired channel
- 12 inputs, 1 output
- Input connections: barrier terminal strip
- Dimensions (WxHxD): 90 x 44 x 130mm
- Panel cut out (HxW): 45 x 92mm

**ORDERING INFORMATION**

Type K	No. of ways	Allied code	RS order code
Type K	12	70641633	<b>219-4602</b>
Universal	12	70643586	<b>362-9957</b>
